

Welcome to Thriving Warrior. Novum-U is the past, Thriving Warrior is the future. Rather than focusing on making your life better through education and some of the services needed to cultivate a life of meaning and purpose, Thriving Warrior’s goal is to help make your life easier and better!

We know that too much time is wasted on basic tasks like cooking, cleaning, washing clothes, shopping for supplies, getting around on the bus. We know that everyone needs a lot of assistance in things like building credit, filing taxes, obtaining insurance, preparing for retirement, etc.

Thriving Warrior was created for the Air Force to address similar challenges confronting enlisted personnel. We were offered the opportunity to offer such services to our students –and we are all in.

What does this mean to you? More time to focus on becoming successful. That is, more time to either pursue a meaningful career or discover it (i.e., “follow your bliss”).

Here’s what to expect in January

Service	TW?	Novum-U?	Other?
